## PROPERTY DESCRIPTION

Want to live off the main roads, but have easy access to everything? Come see this well maintained home in an established neighborhood in Dallastown School District. Spacious rooms throughout home. Mature landscaping, too. Enter into a foyer with ceramic tile floor. Kitchen with all appliances included, separate dining area and living room with beautiful bow window. Hardwood floors under wall to wall carpet in living room, dining room, upper level hallway and all three bedrooms. The lower level features a family room with two built in bookcases, which were built by a retired wood craftsman. One could be used as an entertainment center. There is also a lovely half bath with ceramic tile walls and floor. This room leads out to a delightful 4 season room w/built in gas heater....sit out here with your cup of coffee or hot chocolate in winter and enjoy the snow circling around you. Part of the rear yard is sloped and the seller has told us his children and grandchildren have enjoyed sledding down the moderate slope. Basement is ideal for storage and houses the mechanicals that run the home. There is 2 zoned heat and central air conditioning. One car garage and off street parking completes this great home with so much potential for you!
