PROPERTY DESCRIPTION

Want to own your own home, but your life is so busy? Want to be able to come home at night and relax in your yard? Worried a townhouse isn't big enough? You will want to see this home. Large corner lot with mature and professional landscaping will catch your eye immediately. It has been completely remodeled and so well taken care of, you can move in as soon as settlement is finished and the home is yours! There is a large family room with gas log fireplace and vaulted ceiling. Sliding doors open to a 30' paver patio. We will talk more about that later. The kitchen is large enough to eat in or you can have meals in the separate dining room (the current sellers are using it as a living room...use your imagination.) All appliances except the refrigerator stay in the kitchen. A laminate floor adds beauty and functionality. Do you need a first floor master bedroom suite? This one is beautiful. So many upgrades! The upstairs bedrooms have all amenities and a full bath, too. The home will surprise you with the amount of storage and closet space. It even has 2 attics and a 1st floor laundry. Many hours of entertaining can be enjoyed in your new home, as well as holiday dinners. The back yard cries for lots of activity. Barbecues on the over-sized patio. Covered area is 12x12 and uncovered is 18x14. You can eat in the shade and sun in the sun. The entire yard is fenced and landscaped allowing privacy and comfort. The Black Bear 16x10 shed stays with the home and will give added space for the "toys" we all seem to have.
