PROPERTY DESCRIPTION

As you are driving away from the city lights, you will be surprised that in under 10 minutes you are at your new home...in the country. When you pull into the driveway of this home, take a minute and imagine yourself sitting on the covered front porch watching the world go by. This very well maintained Rancher has an open floor plan with a beautiful Kitchen and Dining area. Enjoy the breakfast bar for those quick meals on the run, or sit at the dining room table for those special meals with family or friends. In nice weather, you may want to entertain on your 12x10 deck, with a gorgeous view! There is also a nice sized Living Room with a gas fireplace to warm you in the colder seasons. All 3 bedrooms are large. The master suite has 2 walkin closets, a large linen closet in the bathroom, marble counters, and a double bowl vanity. There is a walkout basement just waiting to be finished. The plumbing is already in place for a third bathroom. Last but not least is an oversized 2 car garage and plenty of off street parking.
