PROPERTY DESCRIPTION

From the moment you pull up to this home you will notice how well it has been maintained. It has great curb appeal. The foyer is unique with a decorative mirror and vinyl floor. The living room is spacious with a bow window and wall to wall carpet. It is a great place to entertain guests. You will love the kitchen. It is bright and cheery with lots of counter space, cabinet space. The corner sink will enable you to enjoy the morning and evening sky. Enjoy dinner in the dining area which opens to the 12x20 sun porch. This could be your favorite place to relax after a hectic day. Keep it cool with 2 ceiling fans. Curl up with a book and relax while looking over your .38 acre lot. The lower level will be a nice retreat at the end of your day. There is a Franco Belge coal stove to help defray heating costs. It's gravity fed and you only have to fill it once a day. The stove has a brick hearth and surround. There are french doors from the family room that lead to the 34x12'6 covered cement patio. Have a large summer picnic and use both upper deck & lower patio. No worries about a cold car in the winter. There is a heated 2 car garage with side entry. The neutral decor of the home will allow you to make any changes that fits your tastes. Many upgrades have been done to the home. So don't miss out on this great home.
